CASH / SELF-PAY STUDENTS

Schools certified to operate in Missouri are required to maintain a security deposit. The deposit is to provide at least partial restitution to students if adequate provisions are not made by the school upon closure. As ITT did not have an approved teach out plan in place prior to closure, the school may be required to forfeit its security deposit for its Missouri campuses.

Cash / self-pay students who were enrolled in an ITT-Technical Institute campus in Missouri (Arnold, Earth City, Kansas City, or Springfield) as of the date of closure, or who were on an authorized Leave of Absence (must have documented approval for LOA), may be eligible for reimbursement of a portion of the tuition and fees paid.

For students that received federal student aid, the department cannot reimburse you for any loans that are forgiven or for federal grants you received, such as the Pell grant. However, you may be eligible for reimbursement for direct costs you paid in addition to these items.

Please retain all records of payment including, but not limited to, the enrollment agreement, receipts, credit card statements, cancelled checks, money orders, etc. Students must be able to verify payment to ITT in order to be considered for reimbursement.

Please check back soon in order to complete and submit a form to gather contact information for cash/self-pay students.
